### Profile

---

#### Professional Experience Highlights

- Led development of **scalable, production-grade web platforms** using **React.js and Python (Django)**, supporting job marketplaces, case management, and worker-facing systems.
- Architected **workflow and data management solutions** that improved coordination between suppliers, CSOs, strategic partners, and workers.
- Built **real-time and IoT-enabled systems**, delivering operational dashboards and analytics for logistics and asset management.
- Improved **performance and reliability** through database optimization, caching strategies, and ORM tuning across frontend and backend layers.
- Delivered **mobile-first Progressive Web Apps (PWA)**, ensuring accessible and consistent user experiences across devices.
- Provided **technical leadership and mentorship**, establishing clean code standards, scalable architectures, and efficient development workflows.

### Professional Experience

---

2021/11 – present  
Bangkok, Thailand

#### Senior Full-Stack Application Developer (React, Python)

*Issara Institute*

Designing and delivering secure, scalable web platforms at Issara Institute—bridging modern frontend engineering with resilient backend systems to support worker protection and supply-chain transparency.

2018/07 – 2021/10  
Yangon, Myanmar

#### Senior Software Engineer

*Yoma Strategic Holdings*

- Contributed to the development of a vehicle hiring system integrated with IoT devices, ensuring real-time data tracking and seamless user operations.
- Utilized PHP (Laravel), RESTFUL, MySQL, React.js, and third-party APIs to build a robust platform.
- Assisted in improving team productivity by mentoring junior developers and enhancing technical processes.
- Focused on performance optimization, scalability, and end-user experience to deliver a high-quality product.

2017/02 – 2018/06  
Yangon, Myanmar

#### Software Development Engineer

*Oway Travels & Tours*

- Developed and maintained a system for **online flight, bus ticket, and hotel booking** using **PHP (Laravel), RESTFUL, MySQL and React JS**.
- Integrated **payment systems** and **third-party services** to enhance functionality.
- Implemented **scalable architectures** to handle growing customer demand.

2014/01 – 2017/01  
Yangon, Myanmar

**Web Developer**  
*Myanmar Digital Solutions*

- Delivered multiple projects, including **inventory management systems, ERP, POS systems using Laravel, CakePHP and CodeIgniter frameworks, and custom WordPress themes.**

## **Education**

---

Mandalay                   **Bachelor of Computer Science**  
*University of Computer Study*

## **Skills**
